WHO'S BUCKING HOYNE IN WAR ON CROOKS?

*Ald. Merriam Asks Civil Service Commission to Find
Out—Suggests Way to Start a Real Crusade
Against Crooks.*

Ald. Charles E. Merriam, head of the council crime committee, wrote a long letter to the civil service commission today. He told them how to

start a real crusade against crooks in the police department. Police-crime circles found food for thought in his missive.

MAY ARREST JOHN D., JR., FOR MASSACRE BLAME

Trinidad, Colo., Sept. 20.—With the arrival of John D. Rockefeller, Jr., here today to inspect his Colorado interests, plans were being laid by attorneys for the United Mine Workers to have him arrested on a charge of being responsible for massacre of women and children at Ludlow during coal strike.

He asked the commission to find out who was bucking State's Att'y Hoyne in his fight to clear the police force of grafters.

He suggested that they discover who wanted William Luthardt in the city hall, who pulled the strings to get Cap't P. D. Halpin into the detective bureau and who had Former Chief McWeeney reinstated over the protest of Hoyne.
